DATE: July 2016
RE: Accident Insurance for Students in AAA Activities

The following facts should be fully understood by the parents and guardians of all Benton School District athletics and students who participate in school sponsored activities in grades 7 through 12.

1. The Benton School District has entered into a contractual agreement with Naught-Naught Agency for athletic and extracurricular insurance underwritten by: United States Fire Insurance Company, the claims are managed by AG Administrators for students in grades 7 through 12. This coverage is for AAA sponsored activities, including all AAA events. Your child will be covered while participating in, practicing for, and traveling to and from such an activity in a school vehicle.
2. Benton School District assumes no responsibility as a result of injuries that occur during an athletic or AAA event, however, this insurance is provided at school expense. This is SECONDARY INSURANCE to whatever health insurance the parent or guardian has for their children, and all claims should be filed with the primary health insurance company and with Naught-Naught Agency. You will need to indicate on the claim form the name and address of your regular insurance carrier.
3. If the student has no other insurance coverage, Naught-Naught Agency will become the primary carrier and will pay accordingly. The parent or guardian should indicate on the claim form if they have no other health insurance.
4. All policies have limitations. Naught-Naught Agency will pay up to the amounts that are listed on the student brochure (attachment). Parents will be responsible for any amounts remaining after both the primary health insurance and Naught-Naught Agency limitations have been reached.
5. The Benton School District and its employees are NOT responsible for any costs for treatment to your child by any doctor.
6. In case of an injury, it is the responsibility of the parent to file a claim form. These forms are available in the Administrative Office, located at 207 W. Conway Street, see Tracy Keene. The coaches or sponsors will be happy to sign the form, however, **NO Benton School District employee is responsible for filing your claim.**
7. As with any policy, there are policy exclusions. Please review the Policy Limitations that are listed in the brochure.
8. Initial treatment must be rendered within 30 days from the date of accident and benefits are limited to \$1,000,000 for treatment rendered within 5 years of the date of accident under our standard plan.
9. Since the insurance is for AAA sponsored events only, you may wish to purchase the additional insurance that is available to your child. This should be purchased at the beginning of the school year and is the same basic coverage. The At School Coverage provides coverage for injuries that occur at school or during school-sponsored activities during the regular school year. The 24 Hour Coverage provides coverage 24 hours a day until the first day of the following school year.

If you have any questions, please call Tracy Keene (501) 776-5718, email: tkeene@bentonschools.org or ask your sponsor or coach.

I have read and understand that the coverage provided by Benton School District has certain limitations and is considered primary coverage only if I have no other coverage for my child(ren). I further understand that Benton School District is not responsible for payment of any medical expenses not paid by the Naught-Naught Agency.
